** It is with great sadness that the PC-ICSLP informs of the sudden death of one of its members, Professor Guan Dinghua, former director of the Institute of Acoustics, CAS, former President of the Acoustical Society of China, and Chairman of the ICSLP 2000 conference held in Beijing. Prof. Guan passed away on March 19, 2003, due to heart attack. The members of the Permanent Council will always remember the great kindness of Prof. Guan during the ICSLP conference in Beijing and be grateful for all the effort he made, together with his team, to organize that conference.*
